Profile Summary

I am passionate about web development, UI/UX design, and technology. With a strong front-end development foundation, I enjoy creating responsive, user-friendly websites and clean, attractive interfaces. Eager to learn and grow, I seek opportunities to improve my skills through real projects.

Skills

Web Development - HTML, CSS, JAVASCRIPT,

UI/UX AND GRAPHIC DESIGNING

Experience

Share2 Server / front-end developer and UI/UX design

I built a web app from scratch using React.js and Material UI for components. It was a hackathon project, and I got selected for it , it was a food donation website. And I also created its ui/ux design model.

Freshfood / front-end developer(off site)

I built this website named Freshplate using HTML,CSS and BOOTSTRAP. The website is about food delivery which was based in Bhubaneswar
